Education

Vellore Institute of Technology, Amravati, Andhra Pradesh.
(B. Tech, Computer Science and Engineering with specialization in Robotics, 2024)

Key Skills

Java
OOPs
Git
C Language
Python
CUDA Parallel Computing
Arduino
LINUX
Raspberry-Pi
Microsoft Azure
Technical Documentation
Project Management

Languages

English
Hindi
Bengali

Objective

Skilled in Java and OOPs, Open-Source Development, pursuing Bachelor's degree in Computer Science and Engineering with specialization in Robotics.

Experience

October 2020 - Present
Tech Lead • Android Club • Vellore Institute of Technology, AP

Certifications

- Oracle Certified Associate, Java SE 8 Programmer
- Microsoft Technology Associate.
- C Certified Associate Programmer
- Microsoft Certified: Azure Fundamentals
- Fundamentals of Accelerated computing with Cuda C/C++

Projects

- Tsuyoi (Women Safety Track Prize winner, DSC-WoW) – A seamlessly connected panic button, can be interfaced with a custom keychain/any wearable tech that can alert the local police and a trusted contact in no time. Learnt cloud computing. (https://adityamitra5102.github.io/blog/tsuyoi-winner-women-security-track-dsc-wow-cod-2020.html)
- Adam's Ale (Winner, Ideathon, DSC-VITAP, 2021) – A project redirecting people to their nearest source of potable water, thus preventing the risks of water-borne epidemics as an after effect of natural disasters. (https://adityamitra5102.github.io/blog/adamsale.html)
- And more projects https://adityamitra5102.github.io/Projects.html

Leadership

I lead my team in various hackathons and code jams and hence am confident about my leadership and team management skills.
